

Linda Bernhard 2012

EMBLEM

An Angel with outstretched arms, her Halo slightly tipped, her left wing has the Eastern Star and her right wing has an awareness ribbon.

The Angel represents the place of my birth, Los Angeles, California as well as my chosen profession, Nursing. Most importantly it represents the Angel in all of us. She has outstretched arms to remind us to be open to people and their ideas. The Halo is slightly tipped reminding you to never take yourself too seriously. In her wings she displays the Eastern Star reminding us to keep the vision of our Order alive and the Awareness Ribbon reminds us to be aware of those around us, in both easy and difficult times.

COLORS

Navy Blue, Royal Purple, Shades of Green with accents of Silver and Gold

The Navy Blue reminds us of our Patriotism, be true to your Country and your Countrymen, remember always the sacrifices that were made to keep you free. The Purple reminds us of our Loyalty to our family and friends, keep them in your hearts and lives always. Green reminds us of our Faith and Hope, keep a trustful Faith in all that you do. The Silver and Gold are precious metals and should remind us of the sparkling moments in our lives.

FLOWER

The Orange Blossom

WATCHWORDS

Humility-Optimism-Respect-Sincerity-Enthusiasm

Be Humble in attitude, Optimistic in spirit, Respectful in demeanor, Sincere in speech and whatever you do, do it with enthusiasm!

MOTTO

“With a clear Vision and the room to run the true power of the team is unleashed”

FUN EMBLEM

“Mz Bee Haven”

Our Mz Bee Haven is a playful horse, full of spirit and determination. You may catch her alone in the field or pulling the plow on the farm. She might be carrying the stunt rider in the circus or movies or even “running for the roses” at Kentucky Derby. Wherever she is her graceful power is felt by those who come in contact with her.
